

The Singapore Contractors Association Limited has added Greencast into its pool of affiliated members

1st October 2015 – SINGAPORE – Greencast, the trusted lightweight precast concrete wall manufacturer announced today Greencast becomes The Singapore Contractors Association Limited (SCAL) member. Greencast is looking to contribute to Singapore's nation building process. Since SCAL members are responsible for over 75 per cent of Singapore's built environment, Greencast is able to play its part, while being close to the industry.

SCAL is the voice of the construction industry of Singapore since 1937. The activities carried out by SCAL are guided by a sole objective of strengthening related products and services in the building and construction industry. With a strong focus, SCAL aims to assist all its members to achieve greater professionalism and quality in their respective specialize field. SCAL also organize CSR activities for the greater good. By providing Scholarships, Sponsorships and Bursaries, SCAL aims to reach out to a greater pool of talents of high caliber.

“Being close and trusting to our clients is part of our company's value”, commented Alvin Hong, EVP, Business Development of Greencast. “Through SCAL, we could constantly be learning the expectations of the clients and industry. With that knowledge, we will be able to manage those expectations in order to exceed them.”

Being a bridge of cooperation between various regional and international bodies with similar goals and objective, SCAL has helped many contractors in Singapore gain traction in strong collaboration with their counterparts in facilitating exchange of technology, information and business opportunities. Working closely with government agencies, SCAL will continue to help the construction industry at large.
